

2019 - 2020 Commodores report KKRYS

We have had another successful year with our sailing numbers staying high with a steady flow of new members.

My main consideration is that we are happy at club level sailing.(members enjoying their day out)

We continue to have a good rapport with Keri Sailing and also the Waka Ama guys.

We donated \$250 towards Keri learn to sail for the replacement of the outboards that were taken.

(the motors could have been taken while we had the shed open)

Thanks to Barry for being our race officer in our last Northland champs. We had 20 competitors with a great first day breeze 15 knots NW, followed by a fickle breeze on the Sunday.

Barry kept us on course throughout the weekend.

Alastair and I supported Neil in running the regatta at Kai Iwi lakes at which we had 43 starters.

I bought an oversupply of refreshments as per normal. We will use the left overs for our Keri event in mid November. The funds for running the Kai Iwi regatta came out of the entry fees. I will continue to cater for the sailors, their partners and the volunteers in the way of refreshments, rum for the rum race as well as vouchers for the volunteers.

A big thank you to Alastair for 5 years as treasurer.

A big thank you to Neil for his recording of sailing results and all his web work.

cheers

Doug Kane
